

## NiceRide - Bike sharing program

Nice Ride bicycles are available 24 hours a day, 7 days a week from April to November. The average season is about 215 days long depending on the weather. All Nice Ride stations are removed from the streets during the snowy winter months.

**Single rides** - \$3 per ½ hour from the time the bike leaves the station until it is returned.

**24 Hour passes** - \$6 per pass

A pass gives you unlimited rides up to 30 minutes in length with no additional costs. Rides longer than 30 pay additional fees of \$3 per ½ hour.

**Memberships** - \$75 per year, \$18 per month

Members get a full 60 minutes per rental with no usage fees. Regular usage fees apply after first hour.

### Avoiding usage fees

Usage fees apply to all memberships and passes. They can add up fast but you can avoid them by returning your bike to a station and checking it out again to restart the clock.
